 REMARKS

25X1

1. On 13 December 1951, the Panzer Kaserne in Gross-Glienicke (N 53/2 64) was vacant, and the guards previously observed at the gate had been withdrawn. The road barrier blocking the way to the British sector of greater Berlin was located on the eastern edge of the barracks installation. The Soviet guard detail at the barrier occasionally went through a side gate into the billeting area of the Panzer Kaserne. the personnel of the checkpoint were the only soldiers quartered in the installation. 25X1

2. On 7 January 1952, only a guard detail was quartered in the Panzer Kaserne. No vehicular traffic was noticed there. * 25X1

* **Comment.** the Panzer Kaserne was still quartering a Soviet military police detachment of 100 to 150 men. In any case, the present report supports the previous assumption that the 81st Gds Iiv Tank GP Regt of the 10th Gds Tank Div was withdrawn from the Panzer Kaserne and probably stationed in Krampnitz.
